<b>Name of Candidate:</b>	Dr. Fabian M. Dayrit
<b>Company / Institution:</b>	Ateneo de Manila University
<b>Position in Company / Institution:</b>	Professor

**Brief Statement of Candidate's Program**

*(Kindly write below what you would like to contribute to the ICP and to the improvement of the country's chemistry profession should you win a seat in the board of directors.)*

ICP represents the profession of Chemistry. Since the passage of the Chemistry Profession Act (RA 10657) in 2015, the ICP has sought to raise the status of Chemists and Chemical Technicians through the implementation of the provisions of this Act, by raising the standards of Chemical laboratories, and by organizing CPD seminars to keep Chemists and Chemical Technicians updated.

In the next 3 years, I would like to do the following:

1. Continue to raise the competence of the Chemistry professionals by working with the Board of Chemistry to develop the Career Progression and Specialization (CPS) curriculum for Chemistry.
2. Raise the social profile of Chemistry to attract more students to take up Chemistry, whether as a Chemistry professional or as an innovator / entrepreneur.
3. Review the BS Chemistry curriculum to include the concerns of the UN Sustainable Development Goals.
