Name of Candidate:	Atty. Ma. Cristina L. Moratalla, RCh
Company / Institution:	DENR – Mines and Geosciences Bureau RO V
Position in Company / Institution:	Senior Science Research Specialist

Brief Statement of Candidate's Program

(Kindly write below what you would like to contribute to the ICP and to the improvement of the country's chemistry profession should you win a seat in the board of directors.)

I am currently the Legal Adviser and one of the Incorporators of the Integrated Chemists of the Philippines (ICP), Bicol Chapter.

Through chemistry, I envision a better Philippines by developing programs that would:

1. Require each ICP chapter to include some programs in their annual activities that will increase public understanding of the contributions of chemical scientists in their field or locality;
2. Bring technical trainings and seminars to the regions for easier compliance to the provisions of CPD Law;
3. Strictly implement the Chemistry Profession Act, particularly Art. 1, Sec. 4-5 (*Scope of Professional Practice of Chemistry and Chemical Analysis*) and Art. 4, Sec. 42 (*Hazard Pay, Health and Accident Insurance, and Legal Assistance*); and
4. Advocate for legislation to encourage the country's sustainable chemistry through research and development.
